

## **HD213: PATIENT DECONTAMINATION PROCESS**

This course demonstrates methods for the actual cleaning of patients in the various modes of presentation. It is intended to instruct Decon Team members who will function as the Operations Team in an Emergency Decontamination Operation, or E.D.O.

### **SLIDE 1**

Overview

### **SLIDE 2**

Patient Presentation

### **SLIDE 3**

Ambulatory Patients

### **SLIDE 4**

Semi-Ambulatory Patients

### **SLIDE 5**

Prepare Non-Ambulatory Patients for Washing

**SLIDE 6**  
Non-Ambulatory Patients Without C-Spine Stabilization

**SLIDE 7**  
Non-Ambulatory Patients Requiring C-Spine Stabilization

**SLIDE 8**  
Non-Ambulatory Patients Exit Decontamination Corridor
