

## **HD311: DECONTAMINATION PROGRAM IMPLEMENTATION**

This course helps hospital decontamination program administrators understand how to plan create, and sustain a decontamination program.

### **SLIDE 1**

Steps to Preparedness

### **SLIDE 2**

Step 1 - Obtain Commitment: Consideration of Philosophy

### **SLIDE 3**

Step 1 - Obtain Commitment: Policy Development

### **SLIDE 4**

Step 1 - Obtain Commitment: Roles

### **SLIDE 5**

Step 2 - Hazard Vulnerability Analysis (HVA): Likelihood

**SLIDE 6**

Step 2 - Hazard Vulnerability Analysis (HVA): Plans

**SLIDE 7**

Step 2 - Hazard Vulnerability Analysis (HVA): Risks

**SLIDE 8**

Step 3 - Response Objectives: Issues Addressed

**SLIDE 9**

Step 3 - Response Objectives: Questions to Consider

**SLIDE 10**

Step 4 - Emergency Decon Response Plan: Purpose

**SLIDE 11**

Step 4 - Emergency Decon Response Plan: Scenarios

**SLIDE 12**

Step 4 - Emergency Decon Response Plan: Prepare a Plan

**SLIDE 13**

Step 5 - Where Decon is Conducted: Outdoor Location

**SLIDE 14**

Step 5 - Where Decon is Conducted: Indoor Location

**SLIDE 15**

Step 6 - Select Decon Equipment: Type and Quantity

**SLIDE 16**

Step 6 - Select Decon Equipment: Portable and Permanent

**SLIDE 17**

Step 7 - Decide Level and Type of PPE

**SLIDE 18**

Step 8 - Training Capability: Initial & Refresher

**SLIDE 19**

Step 8 - Training Capability: Formats

**SLIDE 20**

Step 9 - Select Decon Team Members

**SLIDE 21**

Step 10 - Train, Drill & Sustain: Ongoing

**SLIDE 22**

Step 10 - Train, Drill & Sustain: Manageable Segments

**SLIDE 23**

Step 10 - Train, Drill & Sustain: Initial Training

**SLIDE 24**

Step 10 - Train, Drill & Sustain: eLearning Program

**SLIDE 25**

Step 10 - Train, Drill & Sustain: Annually

**SLIDE 26**

Step 10 - Train, Drill & Sustain: Recruit Team Members

**SLIDE 27**

Step 10 - Train, Drill & Sustain: Instill Enthusiasm

**SLIDE 28**

Conclusion
